

Sprint 1 Plan

UCSC Student Forum

Saikou Team(SKT)

Sprint completion date: 02/02/2018

Goal:

The goal for the first sprint is pretty simple. We are trying to make a functional application with basic functions, like using a personal profile, editing, and account registration/login.

User Stories and Tasks:

1. As a developer, I want the user to be able to update their profile with useful information, so that users can have a better experience with the app.
 - a. Allow users to upload pictures – 5 hours
 - b. Allow users to input basic information – 3 hours
 - c. Allow users to input their interests in their profile – 4 hours
2. As a developer, I want to build a database, so that users can store their information.
 - a. Set up the database using Firebase – 24 hours
3. As a designer, I want to design a convenient user interface, so that users can easily use our app.
 - a. Design interface layout – 11 hours
 - b. Allow users to register accounts – 4 hours
 - c. Allow users to login – 5 hours
4. As a product owner, I want users to be able to register accounts only through UCSC emails, so that the app can have a target audience.
 - a. Restrict emails to UCSC emails only – 4 hours
5. As a developer, I want to learn how to use Xcode, so that I can develop the app.
 - a. Learn Xcode – 8 hours

Team Roles:

Xintong Liu (Brian): Product Owner

Ruihong Yu (Simon): Developer

Qianli Zhang: Developer

Daniel Chow: Developer

Zeyun Huang (Roy): Developer

Jason Chen: Developer
